## 3. Review & Check for Understanding 30 min

Discuss concept of home, independence, and making good choices in life.

STEAM extension: Follow up with discussion of animal homes:

*Dreaming UP* shows how early play leads to an understanding of form, structure and function.

What materials would kids use to make their own "Dream" home?? (I know I always fantasized about having a tree house for a home :)

Have the kids draw their ideal home.
