## Wonders after lunch 70 min

Objective:

This was a really great lesson that all of my students loved and they all want to do it again.

Big Idea:

Independent Studies

### 1. Warm Up / Anticipatory

Mindfulness after lunch then get to work.

### 2. Investigation and New Learning

Each one of them will eventually be able to make a poster and share it with the class after they gather enough facts.

### 3. Review & Check for Understanding

They all get the wonders of the day and they also all get the facts.

Note: You teachers should really try this amazing lesson!
